MARIA ALEJANDRA MORENO AGUIRRE

Madrid, Spain | EU Work Permit

+34 603 597 290 | alejamorenoa96@gmail.com | linkedin.com/in/ma-alejandra-moreno-aguirre

PROFESSIONAL SUMMARY

HR professional with 5 years of experience partnering with leaders to build the people systems that allow organisations to perform, grow and adapt. Deep expertise across **performance management, talent development, leadership programmes and succession planning**, with a consistent track record of translating people strategy into measurable business outcomes. Combines strong HR functional knowledge with a **critical eye for process optimisation**, leveraging automation and AI tools to remove friction and free up capacity for higher-value work. Comfortable navigating complexity and ambiguity, building trusted relationships across all organisational levels. Native Spanish speaker, fluent in English (C1).

EDUCATION

IE Business School - Madrid, Spain | Master in Talent Development & HR — July 2026

Universidad de los Andes - Bogota, Colombia | Bachelor, Psychology — December 2020

CONSULTING EXPERIENCE

IE Business School - HR Consulting Projects | Madrid, Spain

HR Consultant - Inditex (Zara, Retail) — 2026

- Developed an **AI-powered centralised tool** (Cursor) for Zara store managers across Europe transforming absenteeism data into concrete, actionable recommendations. Winner of the **Best Final Corporate Project** award of the Master.

HR Consultant - Anabion (Biopharma) — 2026

- Diagnosed organisational HR needs and **designed an AI-powered people platform** (Google AI Studio and Cursor) centralising talent pool management, EVP tracking and labour market intelligence, translating a complex business challenge into a scalable, data-driven solution with defined success metrics.

HR Consultant - Suntory (FMCG, Plant Operations - Toledo) — 2025

- Led an **organisational diagnostic** through structured interviews with frontline workers to identify capability gaps and process inefficiencies; designed pragmatic improvement proposals with a knowledge transfer framework and 5 success metrics.

PROFESSIONAL EXPERIENCE

UBITS (HR Tech Startup, B2B) - Bogota, Colombia

Talent Management Associate — June 2025 - August 2025

- Designed and launched **"From 0 to AI Expert"**, a cross-functional AI upskilling initiative that fostered knowledge sharing across teams and translated into at least **2 AI-based process improvement projects per area**, awarding **$500 to the best business case**.

Talent Management Sr. Specialist — October 2022 - June 2025

- Acted as **trusted HR partner to leaders across all levels**, guiding them through talent calibration, biannual talent reviews, succession planning and organisational design decisions aligned with business strategy.
- **Redesigned talent reviews**: built a 1:1 preparation framework for leaders and shifted calibration from 9-box to 6-box, achieving **30% reduction in session time** vs. the previous cycle without losing rigour.
- Identified process inefficiencies in HR communications and reporting, designing **automation workflows (Make, Slack) and analytics dashboards (Looker)** that reduced manual effort and enabled faster, data-backed people decisions.
- **Co-created individual development plans** lifting adoption from **53% to 89%** through consistent coaching and structured follow-up.
- Designed the **Middle Leadership Programme** with 3 cohorts and **NPS 90%**, building leadership capability across the organisation.
- Built **Mentoring by UBITS** from scratch with 4 cohorts and **40+ matches**, pairing high-potential talent with senior leaders.

Talent Management Specialist — February 2022 - October 2022

- Designed and led **end-to-end onboarding** as main HR contact for **100+ new joiners** achieving **NPS 84**; administered the proprietary HR SaaS platform managing **learning plans aligned to competencies for 250 employees**.

BAVARIA (Beverage, AB InBev) - Bogota, Colombia

People Continuity Analyst — February 2021 - February 2022

- As People Continuity partner on the **Supply Trainee Programme**, collaborated with senior leaders on talent selection and expanded the university alliance network by **42.8% year-over-year**, building a strong pipeline of high-performing student talent.
- Implemented a **proactive sourcing strategy** aligned to key stakeholders' hiring needs across Marketing, Communications and Logistics, building pre-qualified talent pipelines that significantly reduced time to hire and minimised reactive recruitment.
